

FAKULTI TEKNOLOGI DAN KEJURUTERAAN

PROGRAM	Diploma in Computer Network
COURSE NAME	ENTREPRENEURSHIP
COURSE CODE	DNP 2012
CREDIT HOUR	2
SYNOPSIS	<p>This course provides an overview of the requirements for launching an entrepreneurial career and starting up an entrepreneurial venture. After an appreciation of the concept of entrepreneurship, students will be exposed to the critical role of opportunity recognition and evaluation. The course also shed light on the entrepreneur as the main success factor in the new venture formation and development. The central focus of the course is to prepare the students with the essence of entrepreneurship and business planning skills that is essential for the success of new ventures. The subject delivery combines both theoritical and practical aspects of entrepreneurship. Theoritical aspect is looking at the important elements in unlderstanding entrepreneurship, while practical aspect is engaging the student to develop and propose a viable Business Plan.</p>
